

The Federal Communications Commission is tasked with protecting the interests of the American Public. Nowhere in it's charter could I find a mandate to support and promote the interests of a very few [wealthy] business owners. Let us all remember who - supposedly - owns the airwaves. The American Public. NOT Murdock. NOT the other owners and CEO's at NBC, ABC, FOX, CNN, etc. Not even Michael Powell. You are not serving the best interest of the American Public by enabling the wealthy elite to control our sources of information. A free and competitive media is one of the foundations of Democracy. DO NOT SUPPORT CONSOLIDATION OF THE MEDIA. This vote would clearly indicate your support of a wealthy few, and not the mainstream population of this Democracy. Yes, it IS becoming a class war, and your vote towards consolidation simply reinforces that movement.
